

The Last Ten Years

In the past ten years ZEMA has grown in size and scope from a missionary body consisting of four missionary couples to an International Mission Agency with 44 missionaries, associates and appointees from five countries. Some of our missionaries are seconded from TEAM and SIM and we second to World Relief. Ten years ago we had no idea we would grow so quickly and expand so broadly. Ten years from now we might be saying the same thing!

2011 ZEMA Missionary Conference

The Lord Provides

"The Lord will provide". This is what Abraham called the place on Mt. Moriah where God provided a substitute sacrifice in place of Abraham's son Isaac. We have seen the Lord provide for ZEMA again in 2010. Through an unexpected gift contributed as a result of an estate settlement the Lord turned what would have been a negative balance into a positive balance.

We have seen this happen too many times to call this anything but God's gracious provision for ZEMA.

Should the Lord lay on your heart to consider ZEMA in your estate planning please contact Dr. Mike McDowell for details.
